We are delighted to hear of your interest in becoming a part of a very special group of people, the volunteers of St. Vincent’s Medical Center.

Most of our volunteers serve 4 hours per day, once or twice a week in various capacities throughout the Medical Center. Volunteer applicants are required to commit to a minimum of 60 hours of service within one year. We hope you will consider joining the group of volunteers who have been with us for many years.

In order to volunteer at St. Vincent’s Medical Center you will need to provide us with the following completed forms:

- Application
- Assessment & Immunization
- Signed Drug Screening Consent
- Signed Background Check Release

As soon as we receive your completed and signed forms, we will contact you for a personal interview and next steps. You will need to bring a form of picture identification for verification.

Volunteering is an extremely rewarding, interesting and fulfilling experience. Please know that we look forward to meeting with you to discuss the many opportunities available.

Sincerely,

Volunteer Services Department

You will need to provide Employee Occupational Health Center documentation of all your vaccinations including
measles, mumps, rubella, chickenpox, tetanus and tuberculin skin testing. Please take the accompanying form, "Proof of
Immunization/Immunity", to your physician or health care provider for completion. You will need to have a 2-step PPD
tuberculin skin test performed. This involves a small injection of fluid into your forearm. It is imperative to return 48 to 72
hours later, for the skin test to be read. After that, the test is only required once a year. If unable to complete immunization
documentation, blood work can be done at Employee Occupational Health.

Upon completion, submit the medical form with your application, and all required forms to Volunteer Services.

I authorize Occupational Health to place a PPD tuberculin test and a flu vaccine (seasonally or annually.)

drug screening consent for volunteer applicants

INFORMATION CONCERNING THE DRUG SCREENING PROCESS

St. Vincent’s Medical Center has a firm commitment to providing a safe work environment. The health and safety of our patients, employees and volunteers requires that stringent safety standards be met. Therefore, it is our intention to maintain a drug and alcohol-free environment.

Drug screening is a very important part of a volunteer's initial assessment. Anyone refusing to be tested, or anyone submitting a urine specimen that establishes the use of an illegal substance or the use of a prescribed drug without a valid prescription, will be denied a volunteering opportunity at the Medical Center.

During the drug screening process, you will be asked to divulge any medications prescribed for you by a physician. Any falsification or omission of this information will also result in your volunteer experience being denied.

I understand that the results of this test will not be released to anyone except the staff of Employee Occupational Health Center.

I have read and understand the above notice as it relates to my application as a volunteer with St. Vincent's Medical Center.
